### What we have bundled

The Avison AV36 scanner comes with TWAIN drivers, and is bundled with Avison Button Manager, AvScan 5.0, ScanSoft PaperPort 11SE , and NewSoft Presto! BizCard.

### Avison's Button Manager Completes your scan in a single step

The Button Manager main screen

Avison's state-of-the-art software application, the Button Manager, enables you to complete complex scanning task in just a single step. When the button is pressed, the scanner automatically scans your documents and converts them to a highly compressed file format, or other image formats, and then sends the file to a designated folder, or other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.

## Avision AvScan 5.0

-The Intelligent Document Management Tool

The AvScan 5.0 main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AvScan 5.0 ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AvScan 5.0 is an intelligent scanning and electronic filing solution. AvScan 5.0 possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

## ScanSoft PaperPort 11SE

- The Professional Choice to Organize and Share Your Documents

The PaperPort 11SE main screen

PaperPort 11SE provides the easiest way to turn paper into organized digital documents that everybody in an office can quickly find and use. PaperPort 11SE works with scanners, multifunction printers, and networked digital copiers to turn paper documents into digital documents. It then helps you to manage them along with all other electronic documents in one convenient and easy-to-use filing system.

## NewSoft-Presto! BizCard

-the global business card management

Presto! BizCard is a complete contact management solution that lets you scan, edit and synchronize business card contacts to various contact management software applications. It is the ideal tool for helping you stay in touch and organized whether your contacts business cards are printed in English or different languages.

Presto! BizCard captures and converts your business cards into a searchable and editable database. The information can be effortlessly transferred to your laptop via the AV36.
